

Carolina One Parents Program

We feel strongly that parents make up the lifeblood of our volleyball program. We have directly incorporated their thoughts, desires and ideas into our philosophy and structure. Why do we feel this way? Because parents are entrusting us to help mold their daughters into confident, assertive and well-rounded young adults.

What Carolina One offers:

1. Parent Liaison: One of the members of the Carolina One Board will serve as a point person for parents. Each team will have a team parent that will communicate directly with a board member in regards to ideas, suggestions and issues involving each team.

2. Parent Mentoring: New parents in our program or to club volleyball in general will have the chance to talk with other parents who may have been in the sport for a while longer or whose daughters were previously part of Carolina One.

3. Parent Referrals: Parents can contact via e-mail a list of parents that have had previous experience with the coaches.

4. Parent Evaluations: a format to evaluate both the coaches and the club will be available.

The most important thing we can offer parents is clear and open communication regarding your daughter and her participation with Carolina One.
